National Technical Officials Roles

Technical Officials can hold a number of roles at National level:

Timekeeper

As a timekeeper you are responsible for taking the manual (stop watch) times for the swimmer in your lane. You are also required to stop the backup (semi automatic) timing when the swimmer in your lane has finished the race. (There is no longer a national exam or qualification for Timekeeper.)

Inspector of Turns

An inspector of turns ensures swimmers comply with the rules for turning and also the starting and finishing rules. The rules differ for each stroke, so inspectors of turns need to know the rules for each swimming stroke.

Control-room Supervisor/Recorder

The control-room supervisor, in consultation with the referee, is responsible for the processing and publication of the official results for each event. In doing so he/she has control over staff and equipment in the recording area. There is no national exam for control-room supervisor. The person appointed to the position of control-room supervisor at a national meet will be an experienced, nationally qualified referee.

Clerk of the Course/Marshall

The clerk of the course is responsible for assembling the swimmers prior to each event. There is no exam for this role.

Starter

The starter is responsible for giving all swimmers a fair start. The starter has full control of the swimmers from the time they are handed over to him/her by the referee. The starter will report any breach of the start rules to the referee, this is subject only to a decision by the referee.

Judge of Stroke

Each judge of stroke shall ensure that the rules related to the style of swimming designated for the event are being observed, and shall observe the turns and the finishes to assist the inspectors of turns. Judges of stroke shall report any violation of the rules to the referee on a signed disqualification form.

Referee

The referee has full control over all officials and swimmers. The referee must enforce all rules and any decisions made regarding the conditions of the race.

Further information on each of these roles is available in the SNZ Technical Officials Guide which is available online or through Swimming Northland.

National Qualifications

In order to become a nationally qualified technical official, you are required to undertake training at the local and regional level, and then pass a national examination.
